# INDEX

## TEXT AND ILLUSTRATIONS

We have included a considerable number of illustrations so as to lighten the reading matter and to avoid lengthy descriptions. They serve a double purpose and complete the text. There would therefore be no object in giving a separate list of illustrations and, moreover, had we done so, the Index would have been incomplete. Hence the numbers of the pages refer either to reading matter, to illustrations or to both.

We have added three special designations :

(\*\*) These double asterisks signify that the subject they apply to is dealt with in Part E, Vol. II.

E. designates Edmondson tickets;

S. Soft card tickets, mostly used by British Road Transport, occasionally by Railways as well;

E.S. Both Edmondson and soft cardboard tickets.
