

# **MODERN RAILWAY WELDING PRACTICE**

**Dipl.-Ing. O. BONDY**

# INDEX

<b>A</b>	PAGE	<b>D</b>	PAGE
A.E.G. flash welding machines .. ..	97	Design, Importance of ..	13, 50, 63
A.E.G. locomotive .. ..	35	Distortion by heat ..	35, 83, 120
Arcos rail joints .. ..	100	Doré, R.E. .. ..	10
Austrian Federal Railways	10	Dörnen Brückenbau ..	67, 69, 76
Autogenous welding of rails	96	Dortmunder Union Brückenbau ..	72, 75, 107
Automatic arc-welding ..	73, 94, 95, 107	Dustin, Professor .. ..	41
Automatic flash-welding ..	97	Dynamic stresses ..	13, 65, 99
 <b>B</b>			
Bainbridge, C. G. .. ..	10	Economics of welding ..	117
Bare wire electrodes ..	124	Elastic limit of weld ..	13
Bending tests .. ..	44, 113	Electric locomotives ..	9, 30
Berliner Maschinenbau A.G.	29	Electric resistance welding of rails .. ..	10, 97
Bogie frames .. ..	21, 30	Electrode, Choice of ..	124
Bossed and grooved flange plates .. ..	65, 105	Electrode specifications ..	46
Bridges, Plate-girder ..	12, 63, 105	Endurance tests (rails) ..	102
British Standard Specifications .. ..	39	 <b>F</b>	
Broad flange beams ..	50, 57, 67, 76	Fatigue tests ..	63, 99, 107, 124
Bruff, H. J. L. .. ..	12, 79	Fillet weld strength ..	41
Bryla, Dr. Professor ..	41	Flame cutting .. ..	26, 44, 104
Buildings .. ..	12, 49	Flange plates, special sections .. ..	65, 72, 105
Butt welding .. ..	11, 44	Flash welding of rails ..	97
 <b>C</b>			
Carbon arc welding .. ..	73	 <b>G</b>	
Collision tests .. ..	8, 13	Gap-free rails .. ..	96, 104
Concentration of stresses ..	85	Gas cutting .. ..	26, 44, 104
Condensing locomotive ..	32	Gas welding of rails ..	10, 96
Continuous plate girder bridges ..	12, 73, 126	Gollnow & Sohn, J. (Stettin) ..	54, 89, 91, 125
Corrosion of bridges ..	81	Goods wagons .. ..	8, 13
Covered electrodes ..	39, 46	Grooved-boss flange plates ..	65, 105
Croskell, A. C. .. ..	97	 <b>H</b>	
Crossings, Building up ..	10, 94	Harkort (Duisburg) ..	51
Cross stay for locomotives	34	Heat distortion .. ..	120
Cutting by gas .. ..	26, 44, 104	Henschel & Sohn (Kassel)	30
		High-speed railcars ..	26, 28

	PAGE
High tensile steel ..	8, 107, 124
Hummel & Merkel (Leipzig) ..	82, 84, 92
<b>I</b>	
Impact test ..	26, 113
Initial bending ..	35
Inspection of welds ..	113
Internal stresses ..	119, 123
<b>J</b>	
Jigs, Rotary ..	12, 123
<b>L</b>	
Lattice bridges ..	63, 66
Lattice structures ..	59
Loading conditions (bridges)	66
Locomotive boilers	9, 36
Locomotives ..	8, 29
<b>M</b>	
Mechanical tests	26, 44, 113
<b>N</b>	
Notch effect in welds ..	43
Notch impact test ..	26
<b>O</b>	
Oxy-acetylene welding ..	10, 15, 96
Oxygen cutting ..	26, 44, 104
<b>P</b>	
Passenger coaches	8, 19
Paton, Professor ..	80
Peiner Walzwerk ..	107
Permanent-way welding	10, 94
Permissible stresses in welds	11, 15, 40
Plate girder bridges	12, 66, 105
Pre-stressing before welding	83
<b>R</b>	
Radiographic examination	10, 36, 38, 77
Railcars ..	9, 29
Rail welding ..	10, 94
Reconditioning of bridges ..	81
Regulations for welding ..	10, 15, 39, 126
Resistance welding of rails	10, 97
Rolled flange plates	65, 72, 105
Rolling stock	8, 13, 19, 29
Rotary jigs ..	12, 123
Rügen railway bridges	12, 105

	PAGE
<b>S</b>	
Schaper, G. ..	12, 110
Seifert & Co., R. (Hamburg)	36, 77, 93, 118
Siemens-Schuckert Werke	29, 30
Specifications, B.S.S. ..	39
Spot welding ..	9, 27
Station roof structures	12, 49
Steel sleepers ..	95
Strengthening of bridges	12, 79
Stress concentration ..	85
Stresses, Dynamic	13, 65, 99
Stresses, Permissible	11, 40
Stresses, Shrinkage	35, 83, 119
<b>T</b>	
Testing methods	10, 44, 78, 113
Tests ((Bending) ..	44, 113
Tests (Collision) ..	8, 13
Tests (Endurance, rails) ..	102
Tests (Fatigue) 63, 99, 107, 124	
Tests (Impact) ..	26, 113
Tests (Mechanical) ..	26, 44, 113
Tests (Notch impact) ..	26
Thermal stresses ..	119
Thermit welding of rails ..	96
Throat of fillet welds ..	41
Triangular boss flange plates	107
Tubular members in railcars	28
<b>U</b>	
Uerdingen, Waggon fabrik	
A.G. ..	6, 17, 20, 25
Umbrella station roofs ..	54
<b>V</b>	
Vereinigte Stahlwerke A.G.	73
Vierendeel rigid frames ..	98
<b>W</b>	
Waggonfabrik Görlitz (Wu- mag) ..	22, 23
Waggonfabrik Uerdingen	
A.G. ..	6, 17, 20, 25
Waggonfabrik Wismar A.G.	27
Weakening by "strengthen- ing" ..	81
Web welds in plate girders	115, 122
Wöhler diagrams ..	100, 102
Workmanship ..	44
Wulst (bulge) sections ..	107
<b>X</b>	
X-ray examination ..	10, 24, 36, 77, 91, 113
