

PERMANENT-WAY MATERIAL,  
PLATELAYING,  
AND  
POINTS & CROSSINGS,  
WITH A FEW REMARKS ON  
SIGNALLING AND INTERLOCKING

BY

W. H. COLE, M.INST.C.E.

LATE DEPUTY MANAGER, EASTERN BENGAL AND NORTH-WESTERN  
STATE RAILWAYS, P.W.D. INDIA

MENTE MANUQUE

*SEVENTH EDITION, REVISED*

WITH 44 ILLUSTRATIONS

London:

E. & F. N. SPON, LTD., 57 HAYMARKET

New York:

## CHAPTER I.

### *PERMANENT-WAY MATERIAL.*

| ART. |   |    |
|------|---|----|
| 1.   | Definition of Permanent Way . . . . .                       | 1  |
| 2.   | Ballast . . . . .   | 2  |
| 3.   | Iron and Iron Ores . . . . .                                | 3  |
| 4.   | Constitution and Classification of Iron and Steel . . . . . | 8  |
| 5.   | Impurities in Iron . . . . .                                | 12 |
| 6.   | Reduction in the Blast Furnace . . . . .                    | 13 |
| 7.   | Cast Iron . . . . .   | 15 |
| 8.   | Castings . . . . .  | 18 |
| 9.   | Malleable or Wrought Iron . . . . .                         | 19 |
| 10.  | The Puddling Process . . . . .                              | 20 |
| 11.  | Manufacture of Wrought-Iron Sections . . . . .              | 21 |
| 12.  | Steel . . . . .   | 22 |
| 13.  | Cementation Process and Crucible Steel . . . . .            | 25 |
| 14.  | The Bessemer Acid Process . . . . .                         | 26 |
| 15.  | The Bessemer Basic or Dephosphorising Process . . . . .     | 27 |
| 16.  | The Siemens-Martin Open-Hearth Process . . . . .            | 28 |
| 17.  | Other Open-Hearth Processes . . . . .                       | 29 |
| 18.  | Steel for Rails and Sleepers . . . . .                      | 31 |
| 19.  | Manufacture of Steel Rails . . . . .                        | 33 |
| 20.  | Inspection of Steel Rails . . . . .                         | 34 |
| 21.  | Testing Rails . . . . .                                     | 34 |
| 22.  | Rail Sections . . . . .                                     | 37 |
| 23.  | Forms of Fishplates and Fishbolts . . . . .                 | 41 |
| 24.  | Making and Testing Fishplates and Fishbolts . . . . .       | 44 |
| 25.  | Form and Manufacture of Steel Sleepers . . . . .            | 46 |

| PAGE   | PAGE |
|--|------|
| 26. Testing Steel Sleepers . . . . .                                 | 48   |
| 27. Cast-iron Sleepers . . . . .                                     | 49   |
| 28. Wooden Sleepers . . . . .  | 51   |
| 29. Chairs . . . . .   | 55   |
| 30. Fastenings . . . . .   | 58   |
| 31. Bull-head, Double-head, and Flat-bottom Rails compared . . . . . | 60   |
| 32. Longitudinal and Transverse Wooden Sleepers compared . . . . .   | 61   |
| 33. Metal and Wooden Sleepers compared . . . . .                     | 62   |
| 34. Points and Crossings . . . . .                                   | 68   |

## CHAPTER II.

*PLATELAYING.*

|   |     |
|---|-----|
| 35. Division of Labour in Platelaying . . . . .   | 75  |
| 36. Material Gangs . . . . .                      | 75  |
| 37. Linking-in Gangs . . . . .                    | 76  |
| 38. Number and Distribution of Workmen . . . . .  | 80  |
| 39. Lifting and Packing Gangs . . . . .           | 88  |
| 40. Duties of a Permanent-way Inspector . . . . . | 88  |
| 41. Duties of a Sub-Inspector . . . . .           | 90  |
| 42. Maintenance Gangs . . . . .                   | 90  |
| 43. Duties of a Mate or Ganger . . . . .          | 91  |
| 44. Duties of the Wrenchman or Keyman . . . . .   | 91  |
| 45. <del>Platelayers' Tools</del> . . . . .       | 92  |
| 46. Maintenance of Rails . . . . .                | 95  |
| 47. Fishing the Rails. Expansion . . . . .        | 97  |
| 48. "Creep" or "Travel" of Rails . . . . .        | 99  |
| 49. Maintenance of Wood Sleepers . . . . .        | 101 |
| 50. Lifting, Packing, and Boxing . . . . .        | 107 |
| 51. Treatment of Metal Sleepers . . . . .         | 110 |
| 52. Curves . . . . .                              | 112 |
| 53. Laying Points and Crossings . . . . .         | 140 |
| 54. Level Crossings . . . . .                     | 143 |
| 55. Final Remarks . . . . .                       | 143 |

## CHAPTER III.

*POINTS AND CROSSINGS.*

|  |     |
|--|-----|
| 56. Object of Points and Crossings . . . . . | 145 |
| 57. Definitions . . . . .                    | 145 |
| 58. Symbols . . . . .                        | 146 |

CONTENTS:

vii

| ART.  | PAGE |
|---|------|
| 59. Two Methods of Determining the Lead . . . . .             | 146  |
| 60. First Method. Lead of Crossing . . . . .                  | 148  |
| 61. First Method. Radius of Crossing . . . . .                | 149  |
| 62. Second Method. Radius of Crossing . . . . .               | 149  |
| 63. Curve-Lead . . . . .                                      | 150  |
| 64. Switch-Lead . . . . .                                     | 152  |
| 65. Second Method. Lead of Crossing . . . . .                 | 152  |
| 66. Approximate Formulæ for Leads . . . . .                   | 153  |
| 67. Curves of Contrary Flexure . . . . .                      | 154  |
| 68. Curves of Similar Flexure . . . . .                       | 155  |
| 69. Lead of Crossing Constant . . . . .                       | 156  |
| 70. To Determine the Crossing . . . . .                       | 156  |
| 71. Modification of the Lead in certain Cases . . . . .       | 159  |
| 72. Turnouts and Crossovers . . . . .                         | 160  |
| 73. Gathering or Throw-off Lines . . . . .                    | 164  |
| 74. Three-throw Points and Crossings . . . . .                | 167  |
| 75. Triangles . . . . .                                       | 169  |
| 76. Crossing more than one Line ; Diamond Crossings . . . . . | 171  |
| 77. Tables . . . . .  | 172  |

CHAPTER IV.

*SIMPLE RULES.*

|  |     |
|--|-----|
| 78. To set out a Curve by Offsets . . . . .                          | 174 |
| 79. To set out a Diversion from a Straight Line . . . . .            | 175 |
| 80. To find the Radius of a Curve . . . . .                          | 177 |
| 81. To find the Cant required on a Curve . . . . .                   | 177 |
| 82. To find how much a Rail should be bent to suit a Curve . . . . . | 178 |
| 83. To find the Number of a Crossing . . . . .                       | 179 |
| 84. To find the Radius of a Crossing . . . . .                       | 179 |
| 85. To find the Curve-Lead of a Crossing . . . . .                   | 179 |
| 86. To find the Switch-Lead of a Crossing . . . . .                  | 180 |
| 87. To find the Lead of a Crossing . . . . .                         | 181 |
| 88. To find the Crossing required in any Case . . . . .              | 182 |

CHAPTER V.

*SIGNALLING AND INTERLOCKING.*

|   |     |
|---|-----|
| 89. Signalling and Interlocking . . . . . | 184 |
|---|-----|
